

Jax Kitchen

Public Food Service Establishment Commissary Food Truck Addendum to Client Agreement

Hours of operation:

The kitchen is open 24 hours a day for Food Truck (MFDV) Clients. Food trucks do not have to schedule the use of the Food Truck services: (These services are either outside or in the back storage area. Use of the food preparation area is not included with this service) _____ **Initials**

Dumping of wastewater

Receiving potable water

Dish and equipment washing

Garbage disposal

Cooking oil and grease disposal bin

With this in mind, a Food Truck Client may have to wait for a turn.

Hourly Rental Use:

Food trucks that use areas other than those listed above, **must use the Clean-up Check list at the front door and pay for hourly use accordingly.** _____ **Initials**

Log Book Use:

The Division of Hotels and Restaurants requires that the Commissary keep track of when MFDV are using the services provided by the Commissary. An individual log book for your MFDV will be created and left on-site at Jax Kitchen identifying the date and the service used. As the log book will be simple and easy, the MFDV Client must make an entry each time Jax Kitchen is used. _____ **Initials**

Septic System:

Please ensure that Client and Client's staff know that rags, grease, large food items and anything other than water and items that have passed through the sink are subject clogging the sewer lift-station pumps and that is a sophisticated piece of equipment and it is very expensive to repair and unclog. If Client or Client's staff introduce clogging items into the lift-station and the system required unclogging **Client will pay a fee of \$275** in order to bring sewer lift-station back into operation. _____ **Initials**

Dumping of wastewater:

The wastewater dump station is a locked device which requires care of use. Please make sure that your dump hose is fully in the dump station collector in order to prevent spilling the wastewater. Please lock the dump station after use.

Grease and Cooking oil:

All grease and cooking oil must be disposed of in the oil/grease collection bin.

IN WITNESS WHEREOF, the parties to this Agreement have duly executed it on the date set forth below.
